

colorstuk 0-4

- Exceeds ANSI 118.6 requirements
- Unsanded grout.
- Easy to mix, apply and clean.
- Internal floors and walls.
- Residential and commercial.
- Mixed with **cl-stuk** additive for use on wet areas, heated floors and outdoor floors.
- For joints from 0" to 1/8" (0-4mm).
- Zero VOC grout.

colorstuk 2-12

- Exceeds ANSI 118.6 requirements
- Sanded grout.
- Easy to mix, apply and clean.
- Internal floors and walls.
- Residential and commercial.
- Mixed with **cl-stuk** additive for use on wet areas, heated floors and outdoor installations.
- For joints from 1/8" to 1/2" (2-12mm).
- Zero VOC grout.

colorstuk rapid n

- Exceeds ANSI 118.6 and ANSI 118.7 requirements
- Premium sanded grout with polymer additive.
- Fast setting, color consistency and efflorescence-free.
- Reduced water absorption and mold resistant.
- Internal and external floors and walls.
- Residential and commercial.
- For joints from 1/16" to 9/16" (1.5-15mm).
- Zero VOC grout.

colorstuk especial

- Exceeds ANSI 118.6 requirements.
- Creamy, smooth texture will not scratch sensitive tiles.
- Extra-unsanded grout.
- Internal floors and walls.
- Residential and commercial.
- Mixed with **cl-stuk** additive for use on shower/wet areas.
- For joints from 0" to 3/16" (0-4mm).
- Zero VOC grout.

epotech aqua

- ANSI 118.3 requirements
- Easy to clean, anti-bacterial, water and stainproof on residential.
- Internal floors and walls.
- Residential, commercial and industrial.
- Swimming pools, spas, fountains and shower areas.
- High level of chemical and mechanical resistance.
- For joints from 0" to 3/8" (0-10mm).
- Very low VOC emissions.

s-107 n silicone

- Neutral silicone clear and colored sealant.
- Internal and outdoor use.
- Wet areas.
- Expansion joints in residential applications.

Coverages

colorstuk

Tile size Width x Length x Thickness	Grout joint width Coverages in sq.ft. (m ²) per 11 lbs. (5 kg)		
	1/16" (1.5 mm)	1/8" (3 mm)	3/16" (4.5 mm)
